### La quantité 8

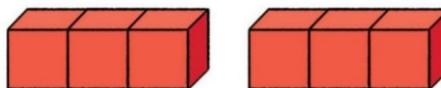

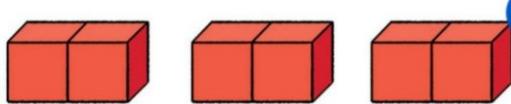

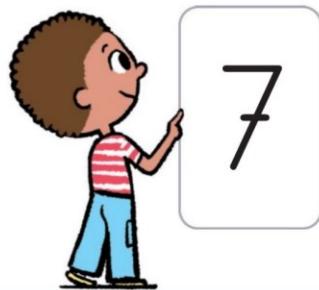

- 1 Relie 2 boîtes par un trait pour avoir 8 balles.  
Trace tous les traits possibles.

### Écriture additive : les escaliers

- 2 Entoure les barres de cubes dont Arthur a besoin pour construire un escalier avec 7 cubes.

- 3 Zoé veut construire un escalier avec 9 cubes.  
Arthur, Gribouille et Nestor ont écrit chacun un message pour demander juste ce qu'il faut de cubes.  
Entoure les bons messages.
